

Opening Companies and bank accounts

In Switzerland, Luxembourg, or other European Union countries

Opening Bank accounts and Companies or branches according to the client's wishes.

If you intend to establish yourself in the European Union or expand your business ambitions, we can assist you with the administrative aspects of opening a Company or branch with a corresponding bank account.

We support you, with almost every administrative step of the company formation process. You will receive a complete package from us; including capital procurement, commercial register registration, a business bank account, and a tax identification number.

This start-up package, which we charge €25,000 plus VAT depending on the country, includes all costs necessary for the effective establishment of a company.
